WHY CHOOSE SAAVI SERVICES FOR THE BLIND?

Saavi Services honestly believes that it is not what you can see, but what you can do that matters.

Saavi uses blind role models as instructors. All other instructors have completed extensive nonvisual skills training so we never ask a student to do what we cannot do ourselves.

Saavi Services for the blind believes in the strength of authentic nonvisual skills. With confidence in our nonvisual skills, we never have to internalize the word "can't". With the right tools' skills and training, we know there is a solution to meet any challenge.
